# MAGICARD

## The best value all-in-one solution for color ID card printing

# Opera

### ID made easy

- This compact, attractive printer is great for all high-visibility environments, such as company reception areas and retail applications.
- Small and light (only 7lb/3.2kg) for portable printing applications.
- Just connect to your PC, add your own web-cam and you are ready to print edge-to-edge full color ID cards.

option

Opera 105 only

### FREE ID SOFTWARE INCLUDED

Magicard ID badging software with card design and database facilities.

BADGING SERIES

### HoloKote®

An anti-copying watermark across the entire card surface that becomes visible when the card is viewed at an angle. The Opera HoloKote features a standard 'waves' design.

### HoloPatch (Option)

Works with HoloKote to produce a highly-visible gold seal on the card, printed using special card stock.

### Magnetic Stripe (Option)

Magstripe encoder for time and attendance and access control.

Magicard, HoloPatch and HoloKote are trademarks of Ultra Electronics Limited. Windows 2000 and XP are trademarks of Microsoft Corporation. The information contained in this document reflects the current state of design and we reserve the right to change the specification without notice or obligation.
